## **Studies**

[Eating disorder symptoms and suicidality: is there a significant association within the student population?](#)

This post explores a study that finds an association between eating disorders and suicidality in US college students.

[Young people report that harm minimisation strategies for self-harm are ineffective](#)

This review discusses a recent mixed methods study exploring young people's views on harm minimisation strategies as a proxy for self-harm.

## **Handbook**

[Samaritans publishes new handbook on men's wellbeing services](#)

Samaritans has published a new handbook with practical advice on how wellbeing initiatives can appeal to men who may be going through tough times before they reach the point of crisis.

## **Website**

[Website Launch: Global Construction Industry Suicide Prevention](#)

An American website has been launched to prevent suicide in the global construction industry. It offers resources to help companies, professional associations, and construction leaders prevent suicide and promote wellbeing among workers

## **News**

[Suicide prevention signs installed along city's waterfront](#)

Merseyside Police, Liverpool City Council's Citysafe team, Mersey Water Safety Forum and charities including Canal and River Trust, Samaritans and Royal National Lifeboat Institution have teamed up to commission unique signs along the River Mersey and behind the Royal Albert Dock Liverpool aimed at helping prevent suicides and other tragic incidents that may cause someone to enter the River Mersey.
