1. Quality improvement

o   Development and implementation of a centralized surveillance infection prevention program in a multi-facility health system: A quality improvement project (Antimicrobial Stewardship & Healthcare Epidemiology, March 2023)
o   Implementation through translation: a qualitative case study of translation processes in the implementation of quality improvement collaboratives (BMC Health Services Research, March 2023)
o   Improving heart failure care with an Experience-Based Co-Design approach: what matters to persons with heart failure and their family members? (BMC Health Services Research, March 2023)
o   Continuing the quality improvement of an electronic personal health record and interactive website for people with diabetes in Scotland (Diabetic Medicine, March 2023)
o   Perspectives of hospital pharmacists on quality improvement initiatives in patient care: A pilot study from one healthcare system in Canada (Exploratory Research in Clinical and Social Pharmacy, March 2023)
o   Quality improvement initiative to optimize heart failure treatment in patients with cardiac implantable electronic devices (Heart Rhythm O2, March 2023)
o   The Intricate Relationship of Employee Engagement and Lean Approach toward Quality Improvement of the Public Hospitals (Hospital Topics, March 2023)
o   Hospital-acquired E. coli bacteraemia at a large UK NHS Trust. A return towards baseline following implementation of a 5-year quality improvement programme (Infection Prevention in Practice, March 2023)
o   Applying a new approach to the governance of healthcare quality at board level (International Journal of Health Governance, March 2023)
o   Reducing Avoidable Emergency Visits and Hospitalizations with Patient Risk-Based Prescriptive Analytics: A Quality Improvement Project at an Oncology Care Model Practice (JCO Oncology Practice, March 2023)
o   Leading for High Reliability During the COVID-19 Pandemic: A Pilot Quality Improvement Initiative to Identify Challenges Faced and Lessons Learned (Journal of Clinical Outcomes Management, March 2023)
o   The development and evaluation of a vaccination pathway for children with intellectual and developmental disability and needle fear (Paediatric & Neonatal Pain, March 2023)
o   Changing prescribing practice for rapid tranquillization-a quality improvement project based on the Plan-Do-Study-Act method (Social Psychiatry and Psychiatric Epidemiology, March 2023)

2. Integrated care

o   Exploring the implementation and evaluation of a distributed leadership model within a Scottish, integrated health and care context (BMJ Leader, March 2023)
o   Transforming Integrated Care in the Community (TICC) (Health and Europe Centre, March 2023)
o   Integrated Care Systems: Autonomy and Accountability (Health and Social Care Select Committee, March 2023)
o   The Evolution of Provider Collaboration (NHS Confederation, March 2023)
o   Maximising the Benefits of Research: Guidance for Integrated Care Systems (NHS England, March 2023)
o   Supporting clinicians to address health inequalities in practice (Royal College of Physicians, March 2023)
o   Social care 360 (The Kings Fund, March 2023)

3. Patients & people

o   Measuring Patient Experience and Patient Satisfaction—How Are We Doing It and Why Does It Matter? A Comparison of European and U.S. American Approaches (Healthcare, March 2023)
o   Empowering Patients With a Shared Communication Tool: A Patient-Oriented Multimethods Pilot Study (Journal of Patient Experience, March 2023)
