Anorexia Nervosa

[Smartphone-based approach-avoidance bias modification training for anorexia nervosa - A randomized clinical trial.](#)

Blomberg M., Schaper R., Bonabi A., et al(2025). *Behaviour Research and Therapy*, 195(pagination), no pagination. 10.1016/j.brat.2025.104900

[How do people with lived experience of Anorexia Nervosa and mental health professionals working with people with eating disorders conceptualise recovery?.](#) Ferreira A.J., Blackwood L., Martinez et al. (2025). *Journal of Eating Disorders*, 13(1), no pagination. 10.1186/s40337-025-01432-6

[Mapping body-related research within the experimental landscape of anorexia nervosa: a scoping review.](#) Gentili S., Meregalli V., Risso G., et al (2025). *Frontiers in Neuroscience*, 19 (pagination), no pagination. 10.3389/fnins.2025.1662018

[Psychological Adjustment in Patients with Anorexia Nervosa and Binge Eating Disorder Following a 3-Week Inpatient Multidisciplinary Rehabilitation Program.](#) Guerrini Usubini, A., Ducale, S., Bondesan, A., et al (2025). *Journal of Clinical Medicine*, 14(19)10.3390/jcm14197127

[Investigating Associations Between General and Disorder-Specific Reward and Suicidality in Anorexia Nervosa](#) Lee S.E., Crow S.J., & Haynos, A. F. (2025). . *European Eating Disorders Review*, 33 (6), 1246–1254. 10.1002/erv.70002

[Quality of Life Across the Anorexia Nervosa Spectrum: A Comparative Study of Current, Weight-Restored, and Healthy Individuals.](#) Miles S., Neill E., & Phillipou, A. (2025). *International Journal of Eating Disorders*, 58(10), 2009–2014. 10.1002/eat.24506

[Contextualising Physical Activity Levels in Patients With Anorexia Nervosa: A Systematic Review and Meta-Analysis](#) Pagador A.V., Olmedillas H., Quesnel D.A., et al (2025). . *European Eating Disorders Review*, 33(6), 1204–1218. 10.1002/erv.3205

[Excessive steps: Physical activity patterns in pre-selected hospitalized patients with anorexia nervosa under physical activity restrictions.](#) Rausch, L. K., Fruhauf, A., Bichler, C. S., et al(2025). *Journal of Psychiatric Research*, 192, 79–85. 10.1016/j.jpsychires.2025.10.039

[Weight trajectories during inpatient treatment for anorexia nervosa: A dynamic time warp analysis.](#) Tokic, M., Halbeisen, G., Braks, K., et al (2025). *International Journal of Eating Disorders*, 10.1002/eat.24573

[The Acceptability of a Rolling Compassion Focused Therapy Group Embedded Within an Eating Disorder Day Hospital Programme: A Brief Report.](#) Twomey, C., Cagney, O., McEnerny, F., & Dowling, C. (2025). *European Eating Disorders Review*, 10.1002/erv.70053

[Eating disorder cognitions: a comparison between Avoidant/Restrictive Food Intake Disorder \(ARFID\) and Anorexia Nervosa.](#) Wilkinson, H., Carbonnier, A., Wilkinson-Herbots, H., & Cooper, M. (2025). *Journal of Eating Disorders*, 13(1), 262. 10.1186/s40337-025-01341-8

[Lived Experience Perspectives on the Development of Anorexia Nervosa.](#) Malcolm, A. C., & Phillipou, A. (2025). *European Eating Disorders Review*, 10.1002/erv.70058

[Web-Based Guided Self-Help vs Treatment as Usual for Binge-Eating Disorder: A Randomized Clinical Trial.](#) Van Beers E., Melisse B., Poelstra P., Lommerse N., et al (2025). *JAMA Network Open*, 8 (10), no pagination. 10.1001/jamanetworkopen.2025.36644

Child/adolescent

[Meal plan inclusions and exclusions in the inpatient, outpatient and community setting for adolescent and adult eating disorder care: a scoping review.](#) Bendall C., Winderlich J., Anderson A., et al (2025). *Journal of Eating Disorders*, 13(1), no pagination. 10.1186/s40337-025-01410-y

[Effectiveness of enhanced cognitive behaviour therapy for patients aged 14 to 25: A promising treatment for anorexia nervosa in transition-age youth.](#) Dalle Grave R., Sartirana M., Dalle Grave A., & Calugi, S. (2025). *European Eating Disorders Review*, 33(6), 1133–1143. 10.1002/erv.3019

[Commentary on the Increasing ARFID Referrals to a Tertiary Child and Adolescent NHS Specialist Feeding and Eating Disorder Service in the UK.](#) Lambert D., Willmott E., & Cryer, J. (2025). *A European Eating Disorders Review*, 33 (6), 1241–1245. 10.1002/erv.70003

[Assessing the feasibility of an intervention for adolescents and parents transitioning out of paediatric eating disorder services: A mixed methods study.](#) Nicula M., Kimber M., Boylan K., et al (2025). *European Eating Disorders Review*, 33(6), 1144–1161. 10.1002/erv.3027

Anorexia Nervosa and Youth

What factors do parents/caregivers think impact change in family therapy for anorexia nervosa?: a qualitative study. James, P., Baudinet, J., Eisler, I., et al (2025). *Journal of Eating Disorders*, 13(1), 250. 10.1186/s40337-025-01368-x

[Childhood Adverse Experiences in Anorexia Nervosa: Impact on Comorbid Psychopathological Features and Cumulative Effect on Clinical Severity.](#) Longo, P., Toppino, F., Martini, M., et al (2025). *European Eating Disorders Review*, 10.1002/erv.70052

[Clinicians' Experiences of Providing Compulsory Care for Youth With Anorexia Nervosa: A Qualitative Study.](#) Offringa, T. M., Vermeiren, R. R. J. M., Bouman, et al. (2025). *International Journal of Eating Disorders*, 10.1002/eat.24587

[What does taking olanzapine mean to young people with anorexia nervosa and their families? Findings from the OPEN feasibility trial.](#) Olive R.R., Kellermann V., Said O. et al (2025). *Journal of Eating Disorders*, 13(1), no pagination. 10.1186/s40337-025-01401-z

[Consistency of reward responses in neutral and anxious states in adolescent females with anorexia nervosa.](#) Peel, H. J., Reggente, N., Strober, M., & Feusner, J. D. (2025). *NeuroImage Clinical*, 48, 103896. 10.1016/j.nicl.2025.103896

Anorexia and Youth

[Transition from an adolescent to an adult eating disorder treatment centre: A qualitative investigation of the experience of inpatients with anorexia nervosa and their carers using interpretative phenomenological analysis.](#) Scanferla E., Seryer S., Pachoud B., & Gorwood, P. (2025). *European Eating Disorders Review*, 33(6), 1162–1174. 10.1002/erv.3030

It's like a car that doesn't like gasoline" - a qualitative study of siblings' understanding of anorexia nervosa in childhood: perspectives from siblings and parents. Schumann A., Vatne T.M., Dalton L., Rapa E., & Fjermestad, K. W. (2025). *Journal of Eating Disorders*, 13(1), no pagination. 10.1186/s40337-025-01263-5

[The Maudsley model of anorexia nervosa treatment for adolescents and emerging adults: A multi-centre cohort study.](#) Wittek T., Zeiler M., Truttmann S., et al (2025). *European Eating Disorders Review*, 33(6), 1117–1132. 10.1002/erv.2996

Co-Morbidities

[Autism spectrum symptoms in a population of extremely undernourished patients with Anorexia Nervosa: A pilot study.](#) Boltri, M., GabrielSegard, T., Sapuppo, W., Kayser, N., Dicembre, M., Yeganyan, A., Duquesnoy, M., Leboyer, M., & Hanachi, M. (2025). *Journal of Psychiatric Research*, 190, 333–340. 10.1016/j.jpsychires.2025.07.011

[Interaction between emotion lability, emotion regulation and structural brain abnormalities in patients with anorexia nervosa and borderline personality disorder.](#) WaydaZalewska M., Pluta A., Wolak T., Wojtczak M., Wojciechowski J., & Kucharska, K. (2025). *Frontiers in Neuroscience*, 19 (pagination), no pagination. 10.3389/fnins.2025.1545599

**Lancashire &
South Cumbria
NHS Foundation Trust**

LGBTQ+

[The Role of LGBTQ+ Vicarious Trauma in Eating Disorder Risk-A Psychological Parallel Mediation Model.](#) Santoniccolo F., Trombetta T., Paradiso M.N., & Rolle, L. (2025). *Behavioral Sciences*, 15 (10), no pagination. 10.3390/bs15101343
